

Sponsorship a child, a family or a laptop

You can transform someone's life for good or save a laptop from landfill when you become a sponsor with Community TechAid.

£100

Can put one refurbished device into the hands of a person who needs it most whilst saving it from landfill.

£130

Would support 1 community volunteer expenses for 3 months.

£250

Would give a child a 2 week skilled placement at Community TechAid.

£500

Could put a parent with a child under 5 on a 4 week skills course with their own refurbished device.

£1000

Would give us 270 new Blancco License to allow up to securely wipe donated devices.

£5000

Would enable us to put 50 refurbished laptops into the hands of those that need them

What happens when I become sponsor?

We are 100% reliant on voluntary donations so every donation really will make a difference toward ending the digital divide!

When you become a sponsor we will let you know the impact your donation is having on individuals and our community and let you know how many devices you have saved from landfill!

Any other questions?

If you have any other questions about becoming a sponsor or supporting Community TechAid, we would love to hear from you!
